Forecast For East Midlands
Issued by Met Office Exeter
at 1600 on Sunday 12 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Largely dry overnight, but cloudy and breezy. Patchy rain tomorrow.

This Evening and Tonight:
Largely dry with variable cloud and clear spells, however cloud will increase later in the night, with some patchy rain spreading into northern and western parts by dawn. Breezy, particularly over the high ground in the northwest, but easing later. Minimum temperature 8 deg C (46 deg F).

Monday:
Generally cloudy, with outbreaks of light rain becoming heavier and more persistent during the late afternoon and evening. Drier in the southeast with possible bright spells. Mild, with light winds. Maximum temperature 11 deg C (52 deg F).

Outlook for Tuesday to Thursday:
Tuesday and Wednesday often rather cloudy and breezy, with some patchy light rain or drizzle. Largely dry but rather cloudy Thursday. Very mild for the time of year.
